TO WHOM IT MAY CONCERN:

The Murray Company has been serving as Mason District Hospital's construction manager on our \$6.5M expansion and modernization project. Throughout the design, pre-construction, and construction phases of the project, they have responded to our organization's requirements in a professional and extremely competent manner. They are very knowledgeable of the unique requirements of hospital construction design and I would not hesitate to engage them for future projects.

Please feel free to call me if you wish to discuss the specifics of our project

Sincerely,

Harry Wolin
