St. Louis, MO 63146

Dear Mr. O'Hara,

I would like to take this opportunity to thank you and your entire team for your outstanding performance and construction management of our new Emergency Room Addition. Your firm exceeded all of our expectations during the programming, pre-construction, construction and post-construction phases. The project was delivered with an extremely high level of professionalism, plus the Murray team was committed to a quality end product while considering maximum value for our investment.

Once again, it was a pleasure working with you and your professional team. Your insights and expertise have been absolutely invaluable to us. We have received nothing but praise and positive comments from our employees, patients, visitors and community about our new ER addition.

Best Regards,

Thomas E. Keim
Chief Executive Officer
